

## General Information

The Australian Kodály Certificate is the only Australian fully accredited and nationally recognised program of teacher training in the Kodály approach. It was established some 20 years ago and during this time over 150 teachers have successfully completed the requirements. The certificate is normally completed over three years of part time study. In 2016, the Western Australian Branch will offer Level 1-3 of the 10-day course in the Primary or Secondary specialisations.
